Hey there,

I hope this email finds you well.

Thank you again for signing up to mentor with our Mentor Me Collective community—we're so grateful to have you with us!

On Saturday, November 15, 2025, in partnership with Google Developer Group at CUNY City Tech, we're hosting "**Sustainable Synapse: Hack for Global Impact**" at the Brooklyn campus. Over 100 students will work on solutions to the UN Sustainable Development Goals, and we'd like to invite you to serve as a Hackathon Mentor, guiding a team of 5 students.

You can choose one time slot:

**11:00 AM–2:30 PM EST****1:30 PM–5:00 PM EST**

If you're not in NYC, please consider sharing this with colleagues or friends in the area. We've also extended our application deadline until the end of September, so you can expect to hear more about our Global Mentorship Program by late October/early November. In the meantime, this hackathon is a great way to engage now.

If you or your community is interested, we invite you all to fill out this form: [Event Volunteer Form](#).

Thank you for your time and consideration. Please feel free to contact Chanel at [chanel@mentormecollective.org](mailto:chanel@mentormecollective.org) if you have any questions.

Best regards,

Tiffany Lopez Oliva  
Events Project Manager  
Mentor Me Collective
